

# State of geomorphological research in 2023

April  
18-21  
2023

Department of Geography, J. E. Purkyně University in Ústí nad Labem  
Institute of Rock Structure and Mechanics, Czech Academy of Sciences,  
v.v.i., Prague  
Brown Coal Research Institute, Inc., Most  
under the auspices of Czech Association of Geomorphologists  
and Czech Geographical Society

Hotel  
Širák,  
Most

cordially invite you to contribute a 21st Annual conference of Czech Association of Geomorphologists. The thematic scope of the event. traditionally covers all geomorphological subdisciplines and related geosciences. The conference will take place in an old brown coal mining landscape enabling to explore unique human impacts on geomorphological processes and landforms.

ČAG

## Key deadlines

January 2022 2nd Announcement  
February 2023 Registration/Abstract submission  
February 2023 Payment  
April 2023 Conference

## Organizing committee

Pavel Raška (UJEP)  
Jan Klimeš (IRSM CAS)  
Jan Burda (VÚHU, a.s.)  
Jan Balek (IRSM CAS)  
Jan Blahůt (IRSM CAS)  
Martin Dolejš (UJEP)  
Radka Dužeková (UJEP, VÚHU, a.s.)  
Jiří Riezner (UJEP)  
Michaela Štěbetáková (UJEP)

## Preliminary information on conference fees

Will be specified in the 2nd Announcement. The organisers will do their best to keep the tradition of low fees while also considering recent increasing prices of energies and services. Lowered fee for CAG members will be offered. The fee will include conference materials, coffee breaks and social evening. Accommodation and excursion transportation is to be arranged and paid by conference participants.

Conference language is English.

Book of abstracts will be published online.

## Preliminary programme

18-19 April Pre-conference workshop  
on landslide monitoring  
19 April Best Thesis Contest Award ceremony  
19 April Plenary session  
19 April CAG General Assembly  
20 April Thematic sessions  
20 April Poster presentations  
21 April Field trip to open-cast mine
