

# STATE OF GEOMORPHOLOGICAL RESEARCH IN 2025

Association of Slovak Geomorphologists

Czech Association of Geomorphologists

Institute of Geography SAS

Department of Physical Geography and Geoinformatics Faculty of Natural Sciences UK

jointly invite you to attend the 23rd Annual Conference of the Czech Association of Geomorphologists and 12th Scientific Conference of the Association of Slovak Geomorphologists. The thematic scope covers all geomorphological subdisciplines and related geosciences.

## 9 - 11 April 2025, Bratislava, Slovakia

### Important Dates and Deadlines

- ✓03 March 2025: Registration deadline and submission of abstract
- ✓03 March 2025: Payment of the conference fee
- ✓03 March 2025: Workshop registration
- ✓10 March 2025: Notification of Workshop acceptance

### Conference Registration Fees

#### Standard registration fee:

- ✓ASG and ČAG member: **110 EUR**
- ✓Regular: **125 EUR**
- ✓BSc, MSc and PhD student fee: **80 EUR**

The prices include VAT. The payment is possible only by bank transfer based on the invoice issued according to the billing information provided in the registration form. When registering a participant on behalf of an institution, it is necessary to provide the exact address and VAT number. All the transfer fees have to be paid by participants or their organisations.

The paid fees are non-refundable, those who cannot attend can send a substitute participant. The conference fee includes participation in the program, an electronic book of abstracts, information and promotional materials, refreshments during coffee breaks, dinner during the social evening (Thursday), and a field trip (Friday).

## Accommodation

Accommodation shall be arranged individually by participants.

## Preliminary programme

**8 - 9 April:** *Pre-conference workshop:*

*Remote Sensing in Geosciences*

**9 April:** *Registration, Plenary Session, Best*

*Thesis Contest Award Ceremony,  
ASG and CAG General Assembly*

**10 April:** *Thematic sessions and  
poster presentations*

**11 April:** *Field trip*

## Organizing committee

*Ján Novotný*

*Miloš Rusnák*

*Jan Klimeš*

*Veronika Kapustová*

*Petr Tábořík*

*Igor Matečný*

*Lukáš Micháleje*

*Hamid Afzali*

## Pre-conference Workshop:

### Remote Sensing in Geosciences

The pre-conference workshop will focus on the application of remote sensing technology in geoscience research and the processing of various data sources, such as satellite images from Sentinel-1, Sentinel-2, LANDSAT, LiDAR point clouds, and drone images.

Workshop program is focused on:

- Basic theory on the application of remote sensing data in geomorphology
- Processing and downloading optical and radar satellite data from free and open-access sources
- SNAP software and processing of satellite and radar data
- processing and analyses of point cloud data generated from aerial LiDAR, drone LiDAR and SfM photogrammetry
- classification of remote sensing data and different approaches (QGIS, Python libraries)
- interpretation and process-based evaluation of remote sensing data with

The workshop is free of charge and is limited to university students, PhD students, and young researchers up to 35 years old (postdoc). Participants are required to bring their own laptop. In the case of full capacity, priority will be given to students according to the date applications are received.

## Date:

**8 - 9 April 2025**

## Venue:
